Prof. George M. Garner, Jr., tenor of Chicago will appear in concert here on the evening of February 23rd at Macedonia Baptist church and the First National church. Dr. C. C. Harper, February 20th. This undoubtedly will be one of the musical events of the season as Mr. Garner is an artist of true born artistic propensities. He has sung in the leading churches and music halls throughout America, about the British West Indies and South America. Critics are one in their praise of this sterling artist.

Mr. Garner has gained a reputation as a choral conductor and organist, being director of music and organ at the Olivet Baptist church (Chicago) member of the board of directors of the Cook County Musical Association (Chicago). Mr. Garner is director of the Polyphonic Choral Union of Chicago, with a membership of one hundred and twenty-five trained voices. It was with this group of singers that Mr. Garner gained his reputation as a choral conductor at the War Exposition held in Chicago during Sept. 1918 and during the Liberty Loan drives in the seventh Federal Reserve District.

Mr. Garner, when he sang here three seasons ago, made a wonderful impression with his artistic singing, and Dallas folks were carried away with this artist, and since that time Garner has gained laurels that place him in the foremost ranks of the world's great singers.

Mr. Garner's appearance here will not only be an important event in musical circles but will also be the occasion for the gathering of the leading people of our community. Mr. Garner wired Dr. E. Arlington Wilson, the eloquent pastor of Macedonia Baptist church that it would be his good fortune to arrive in Dallas several days ahead of his schedule, and of the opportunity it would give him chance to renew some of his acquaintance with the Dallas people whom he met at his former concert here two years ago. SECRETARY'S FAILURE CAUSES REGRET

No Word From Base Ball Meeting Has Been Received.

The Dallas Express wishes to explain to its base ball patrons that its failure in printing the proceedings of that late session of the Texas Colored Base Ball League held at San Antonio, February 1 to 2 inclusive, was brought about through the failure of the secretary of the League.

It was asserted that the secretary was to furnish to all of the leading race journals of the state with a copy of the entire proceedings, which was of vital interest to the thousands of fans of Texas and Oklahoma. There were, it is claimed, some high class legislation, such as arranging of salaries of players and of officers to the League, the establishment of a statewide scoring system, and the creation of a sinking fund to take care of the financial end of a regular stabilized organization. Such information as this would have been very helpful to players and followers of the game alike, but through the negligence of its secretary to furnish necessary data, we were forced to present this sad disappointment of which we keenly regret.
